# ABOUT US

We are a company of professionals dedicated to the manufacturing of clothes for more than 15 years in China. We cooperate with factories in different regions of China who produce for international brands.

We have offices in China, Hong Kong and Buenos Aires where we also have the sample showroom. With our integrated design, manufacturing and quality control service you can buy the best quality at the cheapest price without worrying about manufacturing mistakes or low quality. We stand by our products and have a quality assurance policy.

We focus on quality and production while our customers concentrate on the sale.
